AT A GLANCE

QUALITY CONSTRUCTION

Built with mortise and tenon joint construction. All wood material is kiln dried and complies with the California Code of Regulations meeting the requirements of the Airborne Toxic Control Measure to reduce formaldehyde emissions.

SOLID WOOD BASES

All of our desk chairs come with a steel frame, wood covered base. These bases are very durable and never experience caster tear out.

QUALITY FINISHING

Chairs are stained and finished to protect the wood. Stain is applied using a spray gun for even application then hand rubbed to remove excess. After a light sanding to smooth out any raised grain, each chair receives a finish coat which provides a durable surface that resists stains and scratches.

QUALITY UPHOLSTERING

Seating foam is 2.4lb density and is considered the highest quality foam available in the furniture industry. Fabric or leather is hand cut and then applied on top of the foam. Each chair is hand assembled, resulting in the highest level of quality control.

QUALITY CRAFTSMANSHIP

CHOOSE YOUR WOOD SPECIES

A: Red Oak B: Cherry C: Quartersawn White Oak D: Brown Maple E: Elm F: Walnut G: Hickory

Stain color will vary in appearance depending on wood species selected.

CHOOSE YOUR NAILHEAD TRIM

G: Black H: Pewter Zinc I: Z Finish (Standard for Mission Styles) J: French Natural K: Pewter Nickel L: Oxford Hammered M: Natural

CHOOSE YOUR UPHOLSTERY

Available in fabric and leather. Fabric/leather can be selected from sample books for Buckeye Fabrics, Heartland Fabrics, Quality Fabrications, Weavers Upholstery and Buckey Rockers Leather. You are always welcome to provide your own material. Customize your chair with laser engraving or embroidery. FREE leather conditioner with leather chair purchase.

CHOOSE YOUR FINISH

Buckeye Rockers offers a wide selection of stain choices. Finishes can be selected from Ohio Certified Stains (OCS), Premier Finishes (Finish Works), and BI-CO Speciality Finishes. You are welcome to bring us your finish sample and we will do our best to match it.
