

*Stationary Upholstery*

## *The Story of Carriage Mills*

Carriage Mills is a custom-order furniture manufacturer that originated in 1990 in east central Wisconsin with six employees.

Family ownership and commitment to high quality at a medium price point have driven the success of the company. Today, 70 people continue building furniture the old-fashioned way in rural Kaukauna, Wisconsin.

At v, we build a piece of furniture for you, it's "bench-made"; a tradition of early furniture craftsmen. This means that all the components of each piece of furniture come together at one location in the plant, and one person, focuses on one piece of furniture at a time, ensuring the quality of the final product.

Mill tested fabrics are available in over 300 style and color selections and are available with minimal back orders. And delivery? It's personal! To ensure your custom furniture arrives in excellent condition we deliver on our own trucks. We work hard to make sure our quality and your satisfaction are covered from our door to yours.

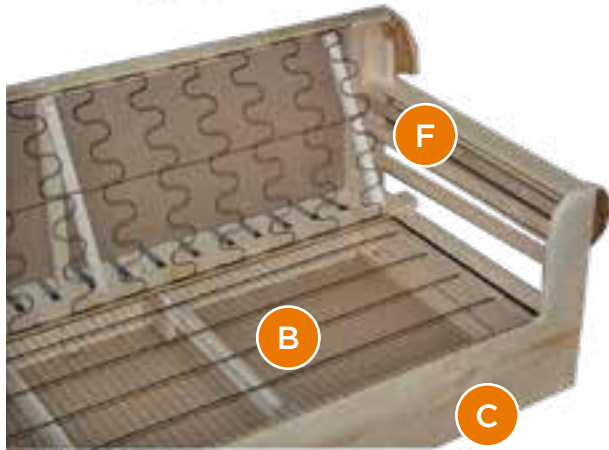

Thank you for considering Carriage Mills custom furniture for your home.

# Table of Contents

Stationary Upholstery Frame Construction	1
Nail Heads	2
Stationary Upholstery	3-17
Stationary Conversation Sofas	18-19
Sleepers	20
Stationary Sofa Loungers	21-22
Stationary Sectionals	23-31
Accent Chairs	32-36
Ottomans	37-38
Miscellaneous	39

- A Front to Back Brace: Special design to prevent frame from flexing
- B Flexolator seat spring currently in heavy demand in the automotive industry. This seating system distributes weight quickly and evenly over a large area.
- C Maple is used in all weight bearing members
- D 12 ga. extra heavy duty heicals every six inches of seating area
- E All corners are blocked for stability
- F Tops of arms on all frames use extra wide maple boards
- G When wood products other than weight bearing members are needed, we only use 7/8" industrial OSB
- H Extra arm boards are added to prevent cardboard from cupping into arm
