

Handcrafted Gliders, Ottomans, Chairs, Tables & Highchairs

2025

Where We Began

OUR COMPANY HISTORY

Founded in 1989 by Joe Miller Jr., our company began with a vision rooted in craftsmanship and practicality. Joe, a full-time farmer with a passion for woodworking, initially built cabinets as a side project. Recognizing a growing demand for comfortable and stylish glider rockers, he decided to focus his talents on creating these unique pieces of furniture.

From these humble beginnings, our company has grown and evolved, always staying true to Joe's original commitment to quality and innovation. Today, the company is proudly owned and operated by the third generation, Kenneth Troyer and Nicholas Miller, who continue to uphold the family tradition of excellence.

Our faith-based values are at the heart of everything we do. We believe in integrity, hard work, and treating others with respect and kindness. These principles guide our business practices and our relationships with customers, employees, and the community.

We take pride in using sustainably sourced fine North American hardwood lumber, ensuring that our products are both beautiful and environmentally responsible. Our precise CNC machining guarantees accuracy and consistency in every piece. Each item is hand-assembled, stained, sanded, and top-coated by our skilled craftsmen, ensuring the highest quality finish. We use the finest USA-made bearings for smooth and reliable performance. Additionally, we offer a wide selection of high-quality fabrics to suit any style and preference.

Over the years, we have expanded our product line and refined our techniques, but our core values remain unchanged. We are dedicated to providing our customers with beautifully crafted, durable furniture that enhances their homes and lives.

A handwritten signature in black ink, appearing to be 'Joe Miller Jr.', located at the bottom right of the text area.
