

## DELUXE BOOKCASE

At Genuine Oak Designs, we believe your home should reflect who you are, your values, your story, your sense of belonging. Fine furniture is more than function; it's a form of self-expression. And nothing speaks with more warmth and authenticity than the enduring elegance of real hardwood.

The natural grain of wood carries a quiet splendor that resonates deeply. It's genuine, timeless, and never loses its appeal. That's the heart of our work: creating pieces that feel as honest and lasting as the wood itself.

Though now rooted in LaGrange County, Indiana, Genuine Oak Designs was born from a legacy of craftsmanship that spans generations. Verlin, a lifelong woodworker, has instilled his passion in his children, now the third generation, to carry forward the family tradition. Together with their dedicated team, they build heirloom-quality furniture that blends artistry with integrity.

Whether you're furnishing a new space or seeking a statement piece that tells your story, Genuine Oak Designs offers handcrafted furniture that honors tradition and elevates your home.
